AMENDMENT

Kindly amend the application, without prejudice, without admission, without surrender of subject matter, and without any intention of creating any estoppel as to equivalents as follows:

IN THE CLAIMS:

Please amend the claims, without prejudice, without admission, without surrender of subject matter, and without any intention of creating any estoppel as to equivalents, to read as follows:

Sub C1
B1
1. (Amended) A combined immunological, immunogenic or vaccine composition comprising a first antigen or epitope of interest from a first enteric pathogen comprising *Cryptosporidium* and/or a first vector that expresses the first antigen or epitope of interest, and a second antigen or epitope of interest from a second enteric pathogen and/or the first vector that expresses the first antigen or epitope of interest also expresses the second antigen or epitope of interest and/or a second vector that expresses the second antigen or epitope of interest, and a pharmaceutically acceptable vehicle.

2. (Amended) The composition according to claim 1 comprising an antigen from *Cryptosporidium parvum* and an antigen from a second enteric pathogen.

3. (Amended) The composition according to claim 2 comprising an antigen from *Cryptosporidium* and an antigen from a second enteric pathogen wherein the second enteric pathogen is a pathogen of a bovine species.

Sub B2
55. (Amended) A method of using a first antigen or epitope from *Cryptosporidium* and/or a vector that expresses such antigen or epitope, and a second antigen or epitope from a second enteric pathogen and/or a vector that expresses such antigen or epitope, for the preparation of an immunogenic or vaccine composition against enteric infections, comprising admixing the first antigen or epitope and/or vector and the second antigen or epitope and/or vector.
